### 5. Consideration of Items

### 1. Memorandum from Acting Director, Community Services Re: Pricing Policy for Recreation Services

Staff gave an overview of the memorandum and attachments, and provided additional information regarding community program subsidy considerations along with an excerpt from the Recreation Programming Audit Report of April 2017 respecting Background and Comparison of Program Pricing of Other Municipalities, noting that the Audit Report addressed revenues only and not the associated costs.

The Chair noted that this memorandum was also presented to the Parks, Recreation and Cultural Services Advisory Committee for comment, and staff was asked to supply additional data in order to make any determinations.

The Committee and staff discussed the various challenges and approaches to determining the appropriate cost recovery/subsidy levels, and to calculating overall program costs, including direct and indirect costs, and assumptions.

Staff agreed to perform an in-depth examination of the cost data and allocations for various programs at a particular facility, and report back to the Committee at a future meeting.

### Moved by Councillor Kim Seconded by Mayor Dawe

- 1. That the memorandum regarding Pricing Policy for Recreation Services be received; and
- 2. That the comments of the Finance Advisory Committee be referred to staff for consideration and action as appropriate.

Carried

### 2. Review of Detailed Financial Budget Information Re: Financial Services (FS)

Staff provided an overview of the line-by-line analysis and year-to-date comparison of the final approved 2018 budget for the Financial Services department and detailed explanations respecting the highlighted items. Staff reviewed the current staffing situation and pending requests, noting that the Town's growth has exceeded the department's capacity to meet the service requirements related to tax and water utility administration. Staff expressed further concern regarding the budget provisions for required training and professional development.

The Committee and staff discussed the value of training, development of a training policy and business cases, and relevant metrics. Staff confirmed that a complete review is underway respecting the tracking and allocation of training including courses, seminars and memberships.

### Moved by Mayor Dawe Seconded by Councillor Kim

1. That the comments and suggestions of the Review of Detailed Financial Budget Information for Financial Services be received and referred to staff for consideration and action as appropriate.

Carried

3. Review of Draft General Committee Report No. FS18-004 – 2019 Budget Development Direction Finance Advisory Committee Meeting Minutes Wednesday, February 28, 2018

Staff provided background to the draft report noting the similarities and continued focus of the previous year, including budget principles and budget process, phase-in strategies, and inflation approach. Staff advised that a draft 2019 budget would be prepared for presentation early in the next term of Council, which will begin December 2018.

The Committee made suggestions in the areas of financial implications and communications considerations, and staff agreed to apply the enhancements accordingly.

### Moved by Councillor Kim Seconded by Mayor Dawe

- 1. That Draft General Committee Report No. FS18-004 be received; and
- 2. That the key principles for the 2019 operating budget development be endorsed.

### Carried

### 4. Distribution and Introduction of Detailed Financial Budget Information Re: Corporate Services (CS)

Staff noted that Techa van Leeuwen, Director of Corporate Services, would be present at the next meeting to review the detailed budget information for Corporate Services. The Committee was encouraged to contact the Director directly for any needed clarification prior to the March meeting.

### Moved by Mayor Dawe Seconded by Councillor Kim

1. That the detailed financial budget information for Corporate Services department be received and deferred for discussion and detailed review at the March 28, 2018 meeting of the Finance Advisory Committee.

### Memorandum

Date: March 28, 2018

**To:** Finance Advisory Committee

From: Dan Elliott, Director, Financial Services

Re: Round Table Discussion: Proposed Changes to Procurement Thresholds

### Recommendation

- 1. That the memorandum regarding Round Table Discussion: Proposed Changes to Procurement Thresholds be received; and
- 2. That the comments of the Finance Advisory Committee be referred to staff for consideration and action as appropriate.

### Background

The Financial Services Department has committed to both internal client staff and to Council to revisit the thresholds within the Town's Procurement By-law. There are several thresholds to be reviewed.

Attached is a table outlining the current, proposed and comparative information for various thresholds:

- Page one addresses thresholds which determine the procurement approach to be used for a purchase.
- Page two addresses the thresholds for the final approvals of procurements, including the role of Council.
- The final page speaks to a proposed new maximum length of contracts, and a proposed new information report, and an increase in threshold for mandatory separate Town agreement.

Round Table Discussion: Proposed Changes to Procurement Thresholds March 28, 2018

Page 2 of 2

This table, along with additional details, has been circulated for comments internally to staff involved in acquiring goods, services or construction for their departments. In doing so, it is appropriate that the Finance Advisory Committee also be provided the opportunity to provide comments at this proposal stage. Bear in mind that all purchases must have approved budgets in place to complete any contract award. This detail is already within our Procurement By-law.

Financial Services has committed to presenting to Council final proposed changes in these areas in the second cycle of April. I look forward to discussing these proposed changes with the Committee, and in particular hearing comments and suggestions for our consideration as we prepare our final report for April. As you can appreciate, I want to propose something that speeds the procurement process for both client departments and the procurement team, alleviating red tape and process where practical, maintains or strengthens the integrity of our public process and opportunities for vendors, yet balances risk with cost of process, and balances staff authorities with Council's role to keep a finger on the pulse of what's going on inside Town Hall. The comparatives are provided for context.

I look forward to our discussion.

### Staff comments:

1)Thresholds should be applicable to each purchase, not annual requirement or annual budget. Request for clarity in this regard in the bylaw. Response: While this practice is in place in some smaller jurisdictions, staff feel this leads to bid splitting to avoid public procurement processes, and limits opportunity to vendors. Recent third party review recommended clarity in our processes and bylaw in this regard.

2) Threshold of \$5,000 too low for practicality. Results in a lot of administration for public procurement process. Response: Agreed, recommending increase to \$25,000, with new range of \$10k to \$25K requiring three written quotes obtained based on same information sent to all bidders. Under \$10K is "best value" approach - discretion of staff.

3) Will require some compliance audit processes and consequences for non-compliance. Response: Agreed. Will occur procedurally, not in the bylaw. Difficult to identify where bid splitting occurs, where under \$10K purchases, or under \$25K purchases are repeated for same or similar goods by the same department. Consequences and progressive discipline processes will be developed procedurally as well ad auditing processes

Staff comments:

1) If project budget was approved, why does Council even need to see and approve RFPs and Tenders that are lowest compliant bidder/high score and fall within budget? Council report requirement adds 30 days to administration lead time for project, and adds unnecessarily to agenda, bogging down Council. Response: Agreed. Recommending staff approval all within budget less than \$1million, with CAO approving above \$1million. Wording changes will be required to delegate authority to execute Town agreement down to Director of department or CAO. To keep Council in the loop, adding new quarterly information reports on awards made over \$250,000. If budget is insufficient for a contract award, no change is proposed, as the funding issue must still be addressed by a report to Council, but not the technical award of the contract.

### Staff Comments:

1) Currently, Procurement Manager has final approval authority for sole source/singe source purchases under \$100K. Should have opportunity for arbitration with CAO discussion at discretion of Director after receiving written reasons from Manager of Procurement. Response: Agreed. Appproaching CAO will be at discretion of Director.

2) Should be able to negotiate a purchase with a single source if deemed good value. Response: Opportunity for all vendors is a hallmark of public procurement and CETA freetrade agreements. Bylaw sets out criteria for single source, and sole source situations. These are highly consistent with comparator bylaws. No change to threshold for approval of single source/sole source contracts: greater than \$100,000 requires Council approval.

3) Project contingency: 10% procurement contingency is too low. Should be able to spend up to budget to complete contract as specified. Response: Agreed needs clarification. Contingency wording to be modified for greater clarity and will be applied strictly. Recommending Director has 20% contingency, with CAO anything beyond for contingency, or for scope changes to project, subject to budget availability. Procedurally, will discuss whether total budget to be reduced at time of contract award: ie. budget is \$2million, and contract comes in at \$1.1: should all \$900K remain available to complete project and contingencies? Tighter contingency requires greater diligence in project scoping and specification details.

### Staff Comments:

1) Issue of term limits introduced as an emerging best practice. Finds balance between vendor opportunity and practical contract term lengths. Seven years chosen, as would allow one full council term to be skipped without going to market. Without limit, nothing stopping a client department from entering a fifteen year contract as their preference. Limit of seven years not practical in all circumstances. Response: Proposal makes clear that longer than 7 years is permitted, but requires explanation to and approval by Council prior to going to market or making the commitment. Example is solid waste contract and inherent capital investment expected of vendor, so long term is industry norm. All contracts have clauses allowing for early termination by Town. Multi-year contracts can be structured with CPI escalation clauses, like the existing solid waste contract.

2) Currently Procurement Bylaw does not permit staff to make purchases from on-line or live auctions, due to competitive bid requirements. Response: Staff are currently researching other municipalities permissions in this regard. Based on research of best and emerging practices, staff may include in final recommendations. Any such change will be hightlighted in the cover report to Council at that time.

3) Requirement for town contract too low, adds administration, should be \$100k. Response: In discussion with Legal and Risk Management staff, increase from \$30K to \$50K finds acceptable balance, as past experience shows a number of contractor performance and management issues arising in the \$50K to \$100K range, which would be much more difficult to resolve if without an agreement. Agreement requirement does not add substantively to process.
