Online Skylight Gallery Exhibition

Featured Artist: Catherine Fairs & Emilia Filicetti Videka - Layered Perceptions

For the month of September, you are invited to take a glimpse into the special moments that reflect daily life in the exhibition called Layered Perceptions. Artists Catherine and Emilia's oil paintings use realism, abstraction and impressionism to convey lived experiences that emit natural, humbling beauty. Catherine expressed her love of art early through her home, garden and family. As her boys grew up, she started to paint. She met many like-minded people and began to look at her world with a fresh eye. Emilia has been involved in the art world as an educator and painter for many years. Once retired, she has started a second career as a full-time painter always looking for something new to interpret.

All work is for sale, please contact Shelley Ware at sware@aurora.ca if you are interested in purchasing a piece. View this online gallery at aurora.ca/skylightgallery.
